Introduction

A survey was carried out among outgoing students of the 2020-2021 batch to obtain adequate feedback and evaluate the overall development of Don Bosco College, Itanagar, Arunachal Pradesh. The survey allowed students to share their experiences on important aspects such as curriculum content, career guidance, examination and evaluation systems, library facilities, infrastructure and extracurricular activities, skill development, interaction with teaching faculties and administrative staff, and sports and cultural facilities.

Don Bosco College, Itanagar delivers quality education and continually strives to maintain quality in the area of academic and administrative services. The Internal Quality Assurance Cell (IQAC) is one of the systems that ensure the maintenance and improvement of quality within the college. IQAC organizes a feedback mechanism to provide feedback to management to take appropriate actions identified by students and other stakeholders. Every outgoing student shares views and experiences on the different aspects of the college. This allows management to assess the quality and availability of resources and other facilities and support for students. For teaching faculties, it helps them constantly with their teaching methodology in transmitting knowledge, mentoring students and other social aspects of college life of students.

The student exit survey report provided a comprehensive assessment of the satisfaction and experience of outgoing college students in 2020-2021. The report comprises four major components such as:

- I. Methodology
- II. Data analysis
- III. Findings
- IV. Recommendation

Objective

The primary objective of the exit survey is to examine and evaluate the student's level of satisfaction in relation to his or her experience with Don Bosco College, Itanagar. The main indicators or areas used in the exit survey are:

1. Academic/Curriculum content
2. Enhancement of skills and knowledge
3. Career guidance
4. Teaching method used by the teachers
5. Examination and evaluation
6. Students' interactions with staff
7. Students' participation in co-curricular activities
8. Students' participation in games and sports
9. Facilities and infrastructure
10. Students support
11. Library facilities
12. Computer facility
13. Campus culture
14. Hygiene and sanitation of the campus

Methodology

The survey was administered in online mode to outgoing students of 2020- 2021 through Whatsapp and email, as per the contact information provided by students in their college application. A total of 300 students were selected using a random sampling method and a structured questionnaire of open and close-ended questions was emailed to them. Responses were scored on a four-point scale to indicate their level of satisfaction: ‘Very Good’, ‘Good’, ‘Poor’, and ‘Very Poor’.

The survey posed a variety of questions related to curriculum content, skills and knowledge improvement, career guidance, teaching method used by the teachers, examination and evaluation process, interaction between students and staff, student involvement in extracurricular activities, involvement in games and sports, support of college alumni, campus culture, campus hygiene and sanitation, and student suggestions and recommendations. Overall, 105 students responded to the survey. Student interaction with staff, student participation in co-curricular activities, participation in games and sports, alumni support to the college, campus culture, hygiene and sanitation of the campus, and student’s suggestion and recommendation. Responses were collected from March 2021 to May 2021. A total of 105 students have responded to the questionnaire.

Data Analysis Method

Data were analyzed with the help of counts and percentages. Data are also presented with the help of charts and graphs.

Data Analysis

Curriculum content

The students' opinions about the Student Satisfaction with Curriculum content are presented in Figure 1.

Figure: 1 Student Satisfaction with Curriculum content

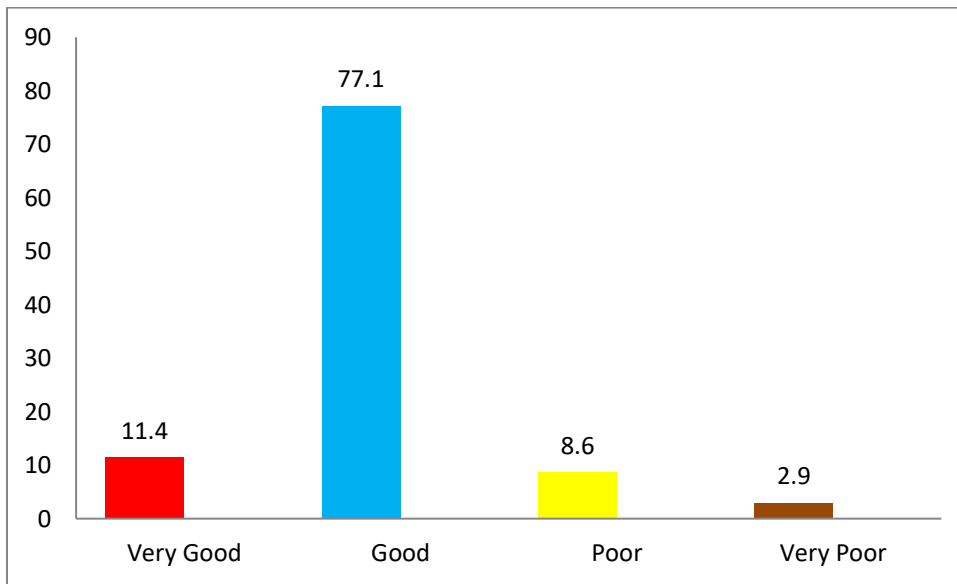

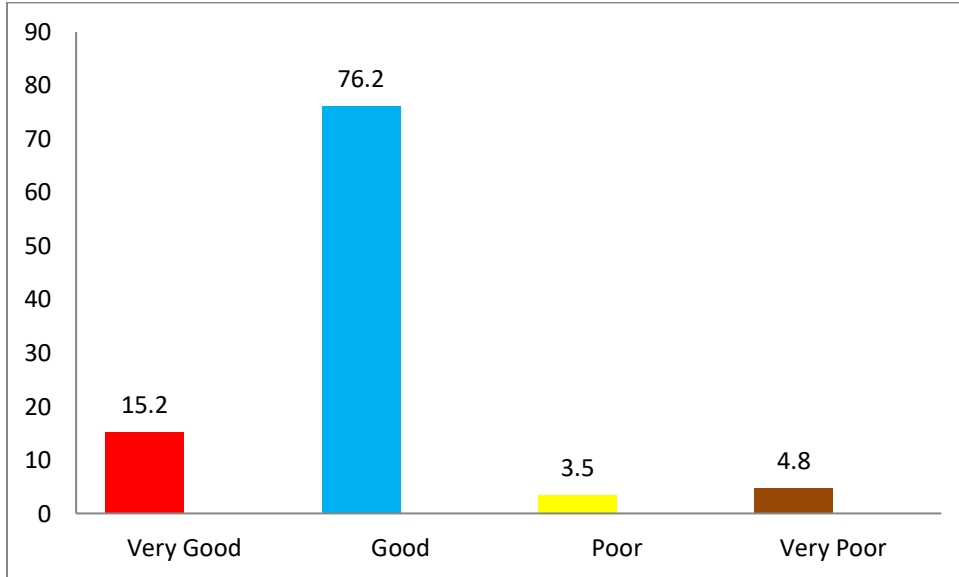

Figure 1 given below reveals the student satisfaction survey on the curriculum content of the college. The survey found that 77.1 per cent of students stated that, curriculum content is good and 11.4 per cent of students opined that it is very good. While 8.6 per cent and 2.9 per cent of students stated that, curriculum content is poor and very poor respectively.

Enhancement of Skills and Knowledge

The students' opinions about the enhancement of skills and knowledge are presented in Figure 2.

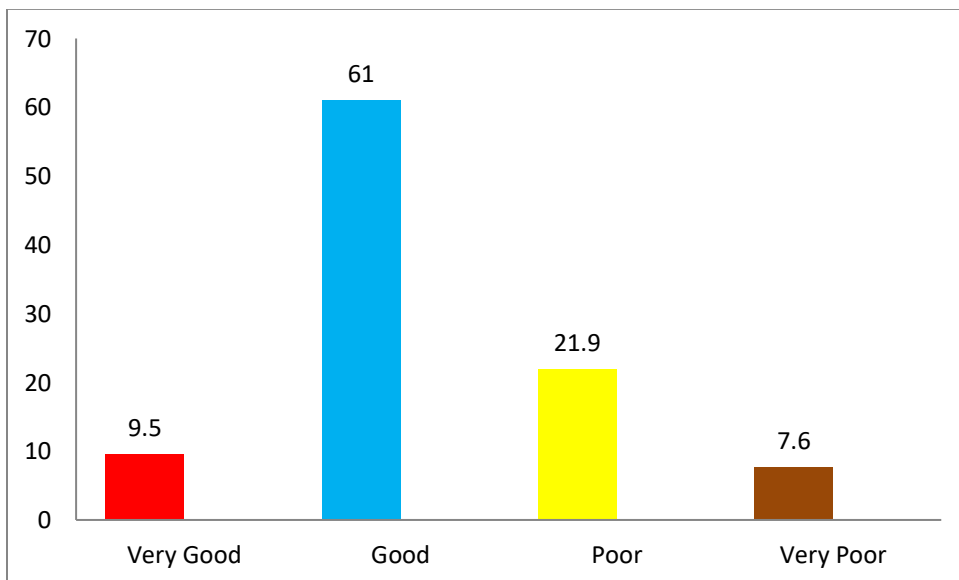

Figure: 2 Students Satisfaction on Enhancement of Skills and Knowledge.

The students are satisfied with the enhancement of their skills and knowledge as 76.2 per cent of students have rated as good while 15.2 per cent as very good. However, 4.8 per cent have rated as very poor and 3.5 per cent as poor in the development of their skills and knowledge.

However, 21.9 per cent of students posit that it was poor and 7.6 per cent responded as very poor.

Carrier Guidance and Counselling

Figure: 4 Student's Satisfaction on conduction of Carrier Guidance and Counselling

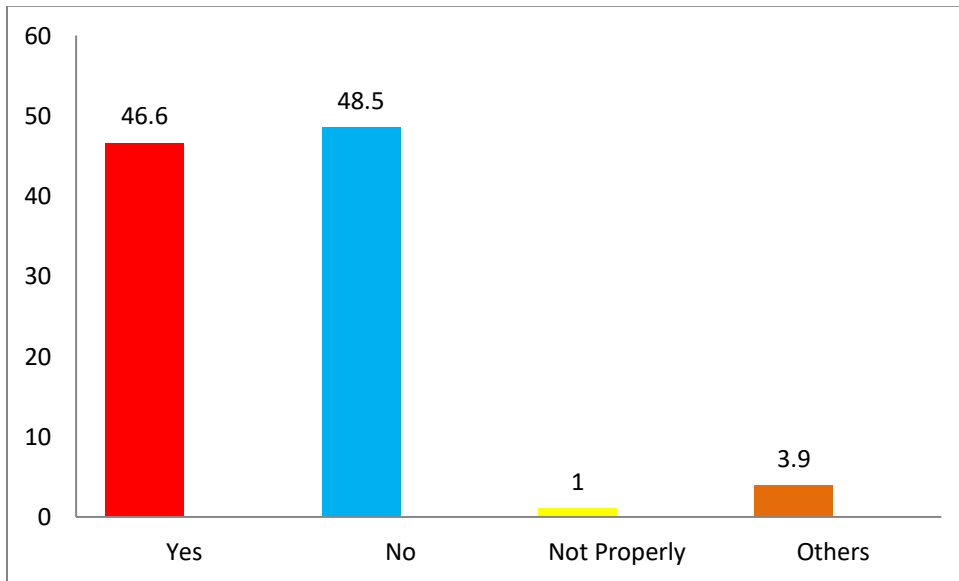

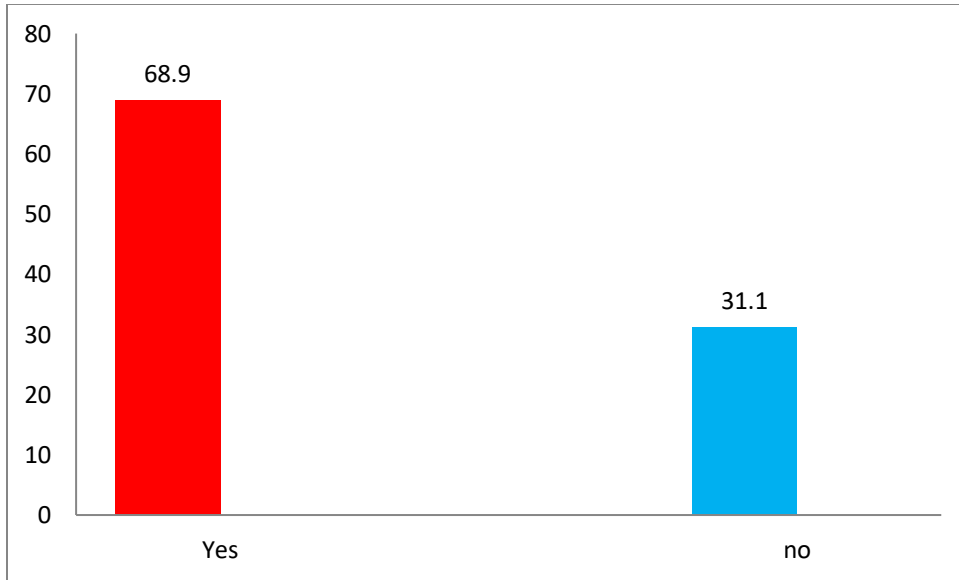

Figure 4 depicts that the students have responded by grading on Students Satisfaction on conduction of Carrier Guidance and Counselling with 46.6 % as very good. They have mention with 48.5 % as good, poor as 1 % and very poor as 3.9%.

Decision for Carrier

Figure: 5 Student's Satisfaction on decision for Carrier

The graph shows that Students were satisfied on decision for Carrier. 68.9 % of the students have mandated as Yes, where else percentage of the No were graded to 31.1%.

Plan after the College

Figure: 6 Student's Satisfaction on Plan after the College

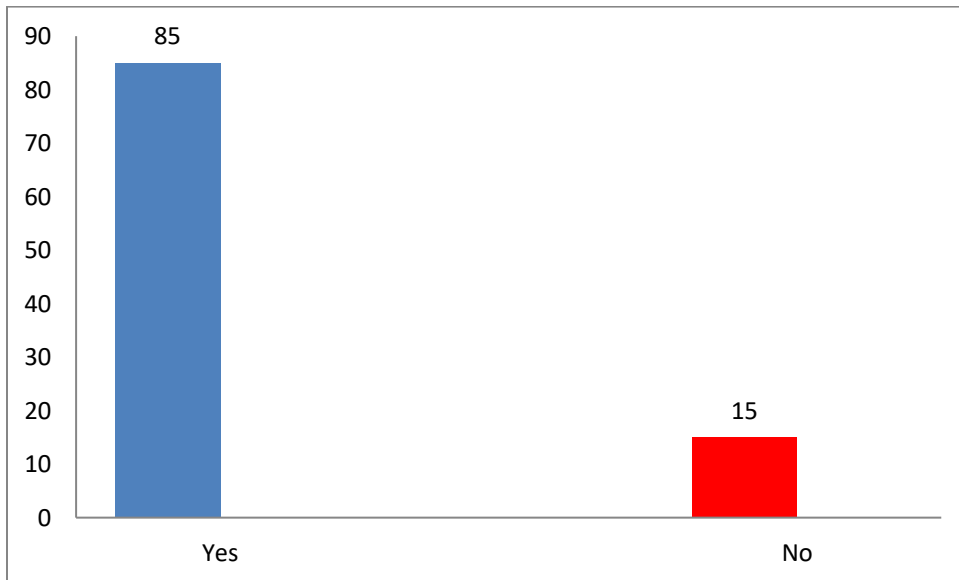

Figure 6 reveals that number of students the responded have graded Students Satisfaction on Plan after the College to 85% as Yes. On the other hand it was witnessed that the option No was graded with 15%.

Teaching Method used by the Teachers

Figure: 7 Teaching Method used by the Teachers

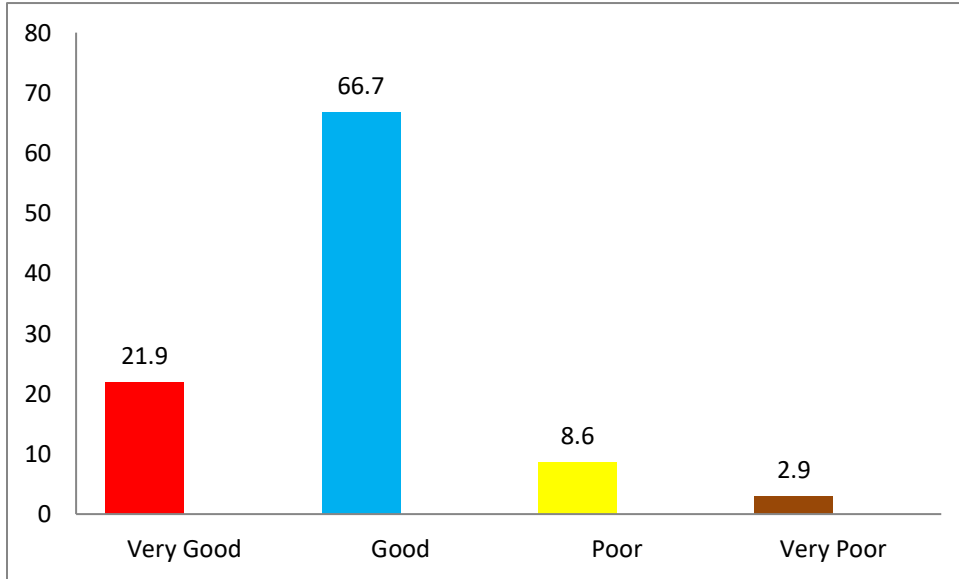

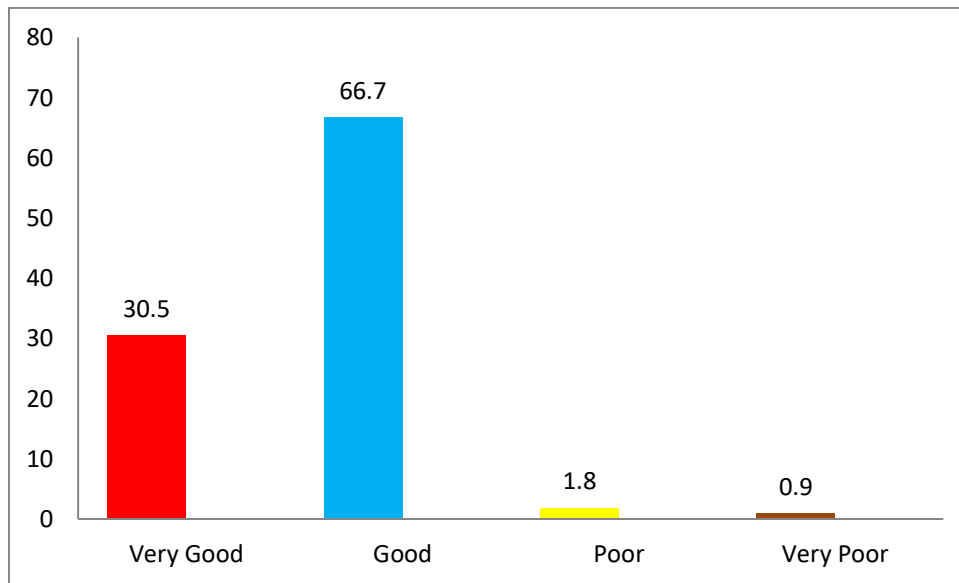

Figure 7 shows the results of the student satisfaction survey on the teaching method used by the teachers in the college. The survey reveals that 66.7 per cent of respondents stated that the teaching method was good. 21.9 per cent of students stated that the teaching method was very good, while 8.6 per cent responded as poor and 2.9 per cent of students stated that the teaching method used by the teachers in the college was very poor.

Examination system

Figure: 8 Students' Satisfaction with Examination Conducted in the College

As shown in Figure 8, the majority of the students, i.e., 66.7 per cent have appraised the existing examination system as good, while 30.5 per cent of students responded as very good and only 1.8 per cent opined as poor.

Evaluation system

Figure: 9 Students' Satisfaction about Evaluation

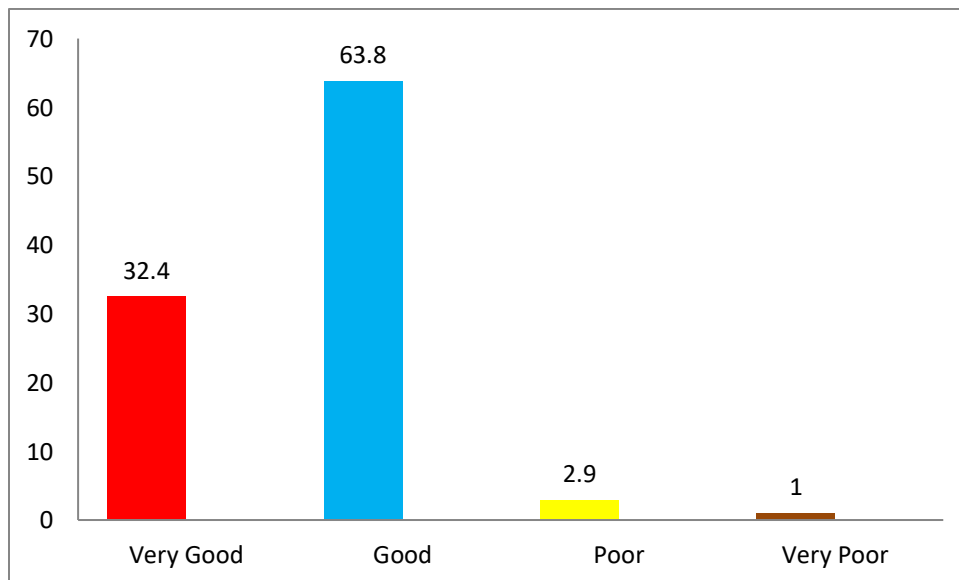

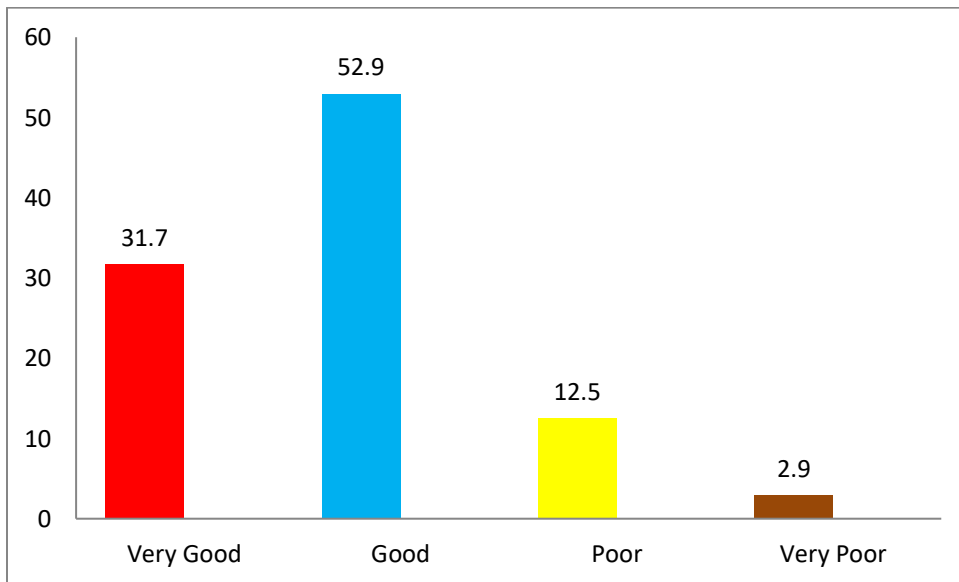

Figure 9 reveals the satisfaction of evaluation in the college. The survey reveals that 63.8 per cent of students opted that evaluation in the college is good and 32.4 per cent of students stated that evaluation in the college is very good. While 2.9 per cent and 1.0 per cent of students opined that evaluation is poor and very poor respectively.

Student's Participation in Games and Sports

Figure: 10 Student's participation in Games and Sports

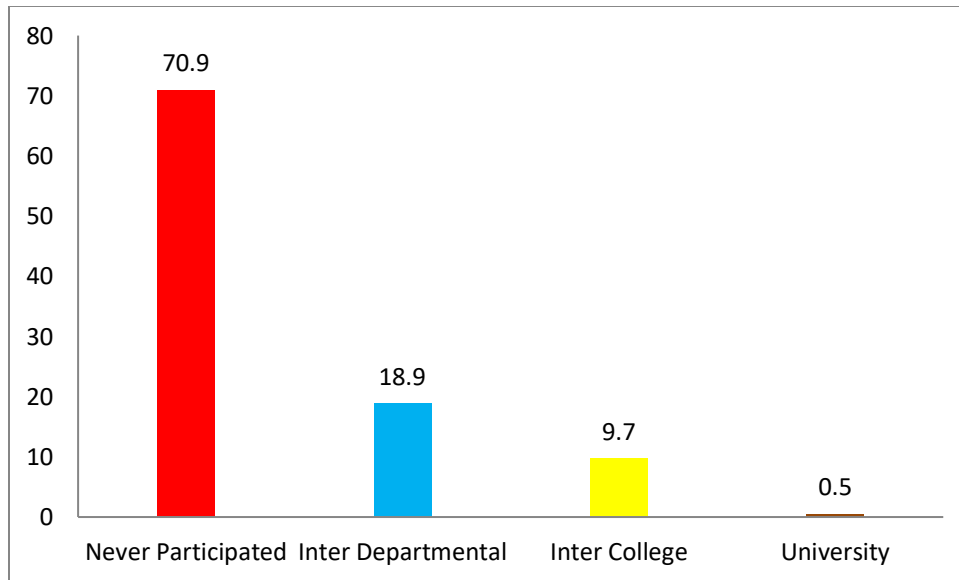

The survey as shown in Figure 10 indicated that 52.9 per cent of students' participation in games and sports is good, 31.7 per cent of students as very good, 12.5 per cent said that it is poor and 2.9 per cent of students said that participation in games and sports in the college is are very poor.

Participation in Volley Ball

Figure: 11 Participation in Volley Ball

The graph gives an account to shows that the responded have graded Students Satisfaction on participation in Volley Ball with 70.9% in the category of Never Participated. 18.9% of the students reflects that they have participated in Inter Departmental match and 9.7% did participate in Inter College and the rest sizable number of students with only 0.5% have participated at university level.

Participation in Basketball

Figure: 12 Participation in Basketball

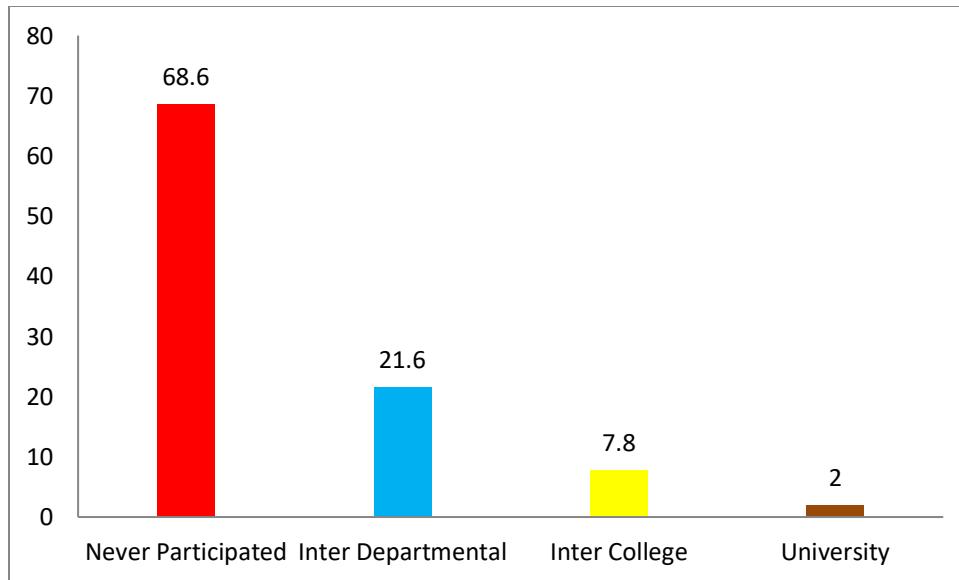

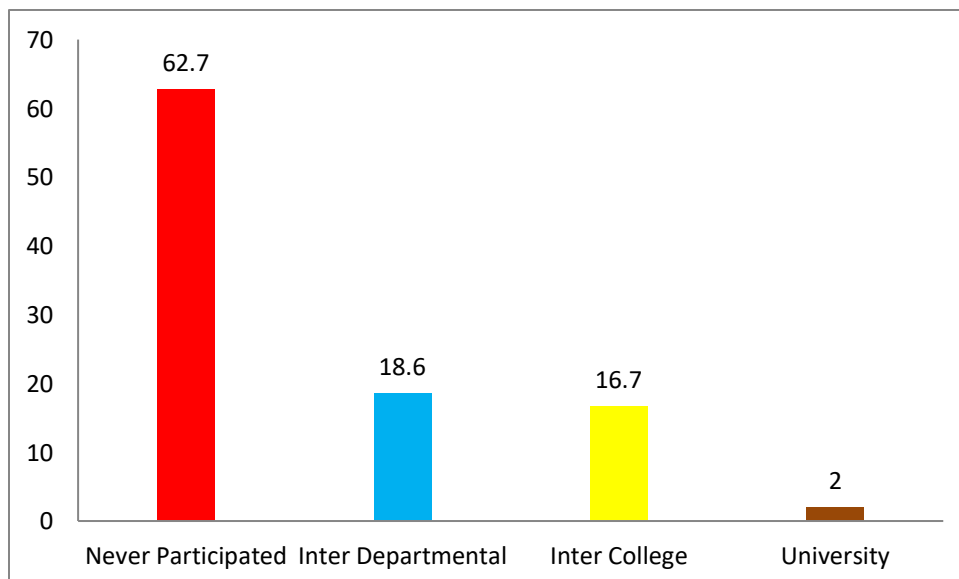

Figure 12, indicates with that of the responses regarding Students Satisfaction on participation in Basket Ball with 68.6 % in category of never participated. 21.6% of the students have participated in inter departmental level and 7.8% of them have participated in inter college level. Only with a 2% of them have taken part in University level.

Participation in Football

Figure: 13 Participation in Football

In terms of Students Satisfaction on participation in Football is graded with 62.7 % in never participated list. 18.6% of the students did participate in inter departmental tournament in football. 16.7% of them have been adjudged in the category of inter college and 2% it in University level.

Participation in Badminton

Figure: 14 Participation in Badminton

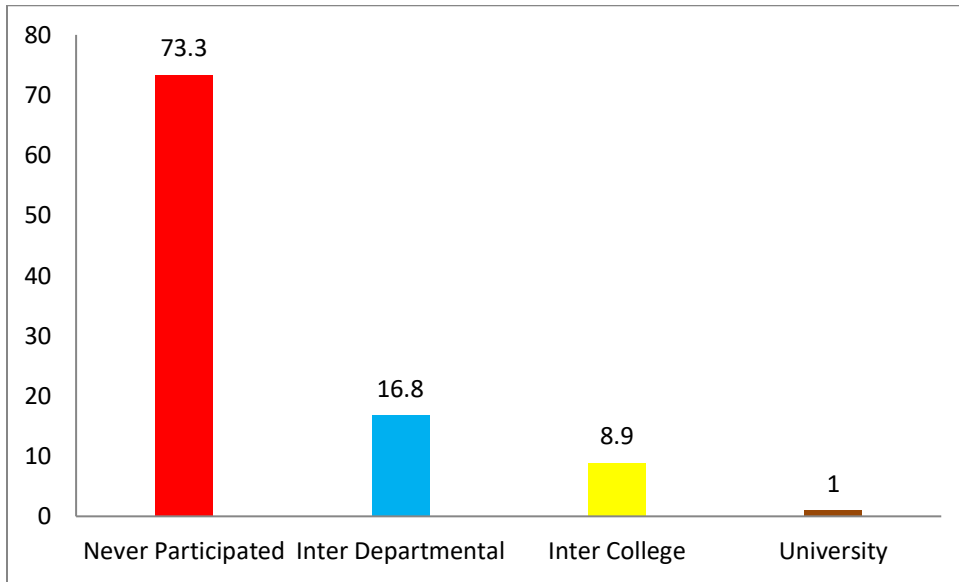

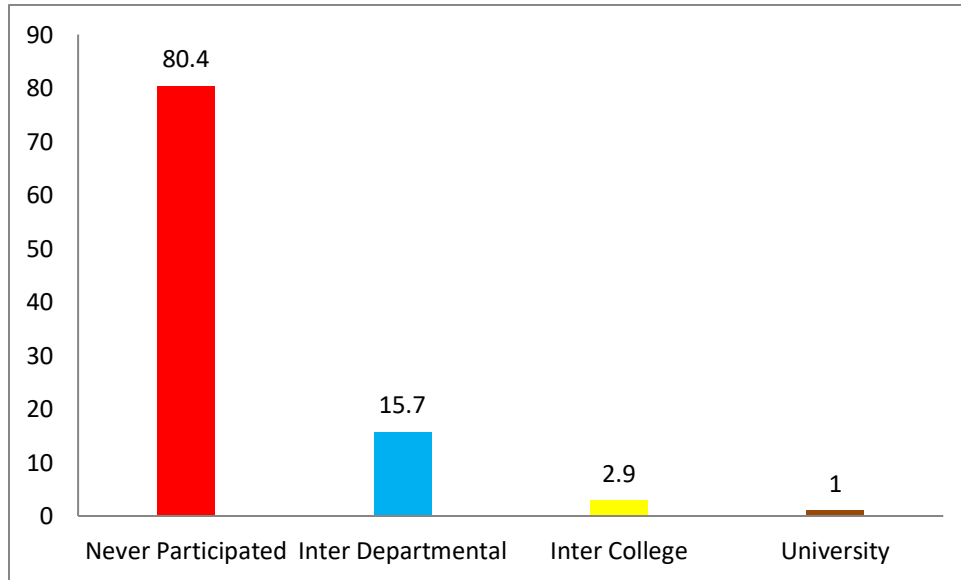

Figure 14 points on Students Satisfaction on participation in Badminton as 73.3% in Never Participated category. 16.8% of them have been enlisted in Inter Departmental tournament in Badminton. 8.9% of the students of the college have taken part in Inter College and 1% of them in University.

Participation in Table Tennis

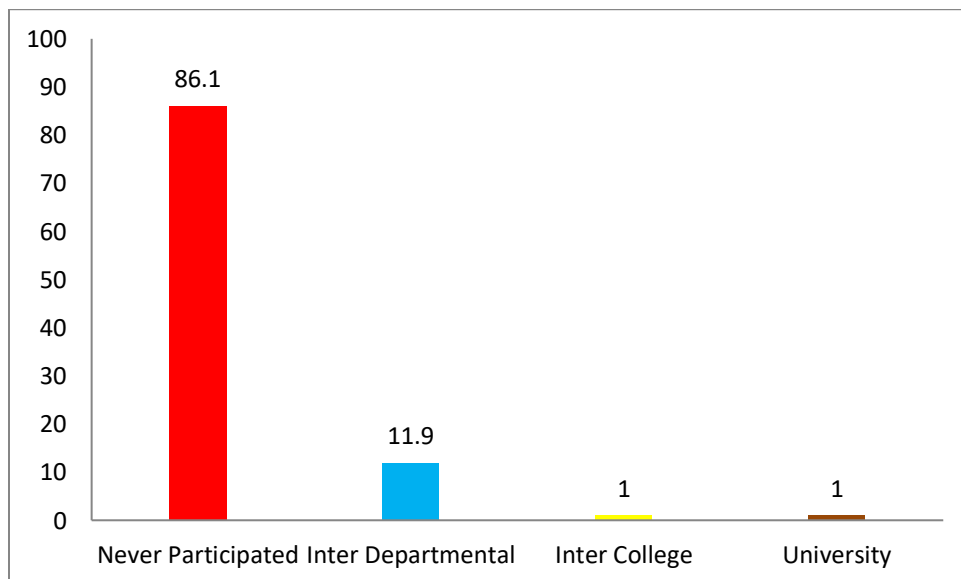

Figure: 15 Participation in Table Tennis

Students Satisfaction on participation in Table Tennis shows that 80.4 % of them have never participated. 15.7 % of the students have participated in Inter Departmental Table Tennis match. Rest of 2.9% of them were involved in Inter College and 1% of them in University.

Participation in Chess

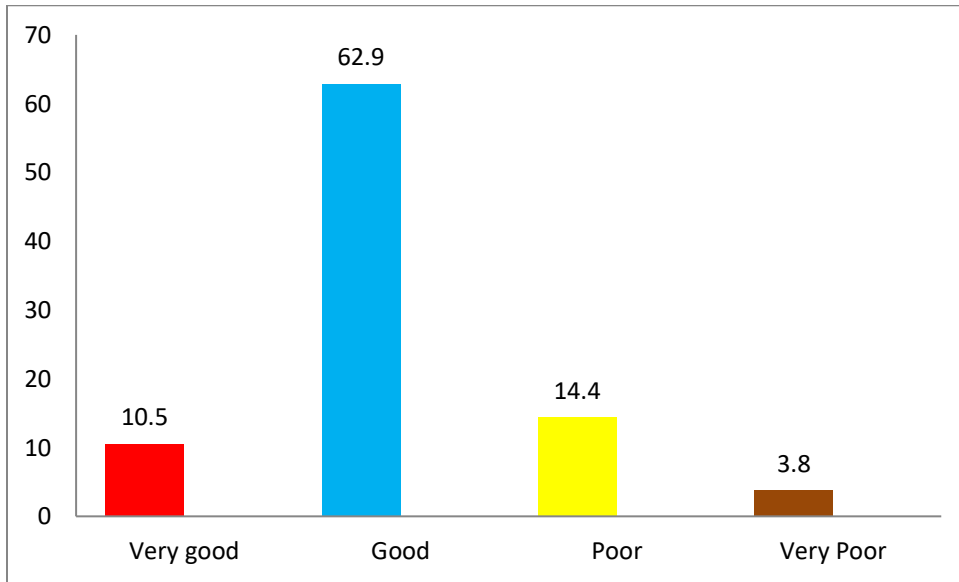

Figure: 16 Participation in Chess

As per the Students Satisfaction on Participation in Chess, it reveals that the number of students who never participated in Chess is 86.1 %. In inter departmental chess championship the students percentage of participation responded 11.9%. 1% of the students body took part in inter college level and with less rating of 1 % of them did participate in University.

Student's Participation in Academic aspects

Figure: 17 Class Room Participation

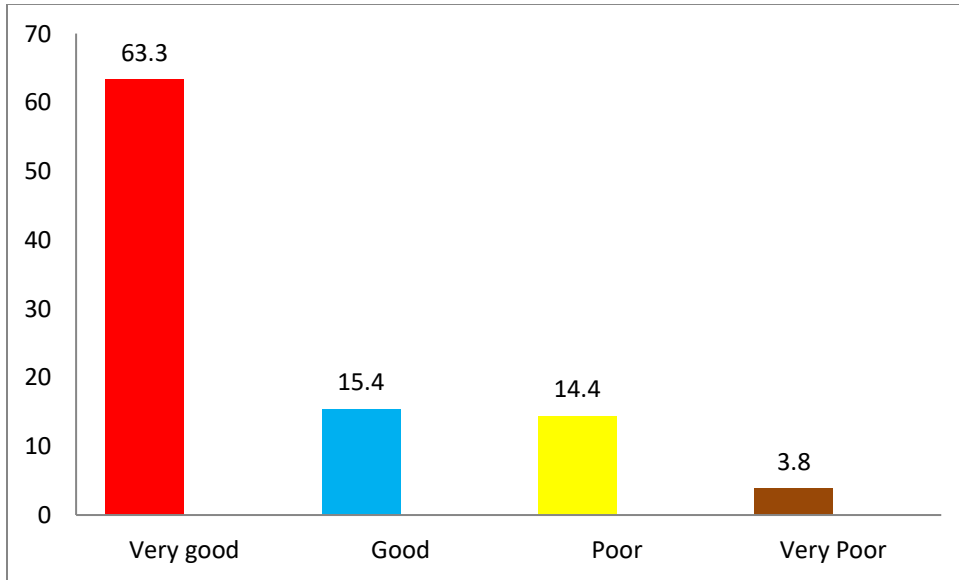

Regarding Student's participation in academic aspects, Figure 17, shows that the responded have graded Students Satisfaction on Class Room Participation with percentage of 10.5% as very good. 62.9% of the students were graded as good and the level of the poor category as 14.4 % and very poor as 3.8%.

Literary Aspects

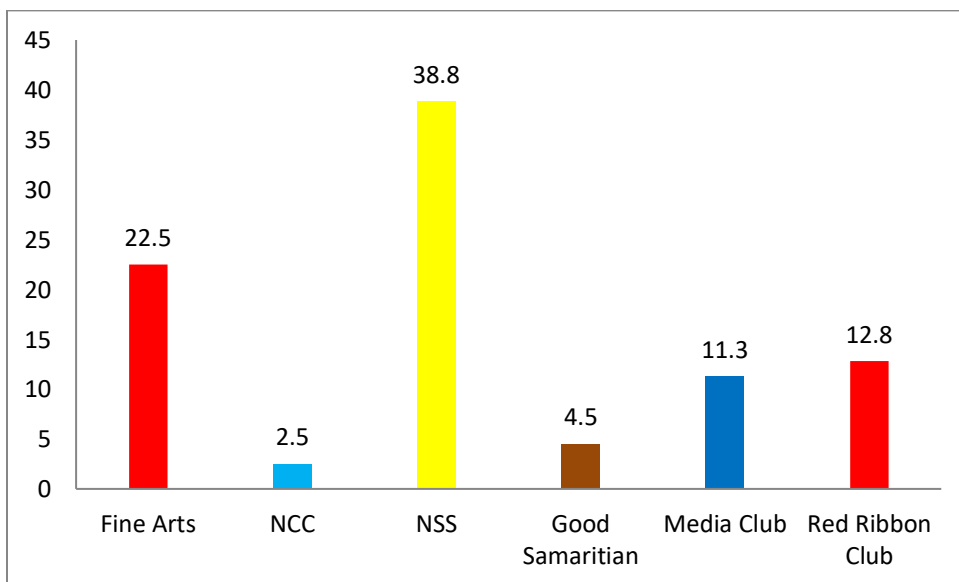

Figure: 18 Literary Aspects

The graph indicating Student's Satisfaction Literary Aspects with 63.3% as very good. In Literary events 15.4% of the students were rated as good. The poor rating of 14.4 % shows students involvement in Literary events and with less percentage of 3.8% was graded as very poor.

Student's Participation in various Clubs and Groups

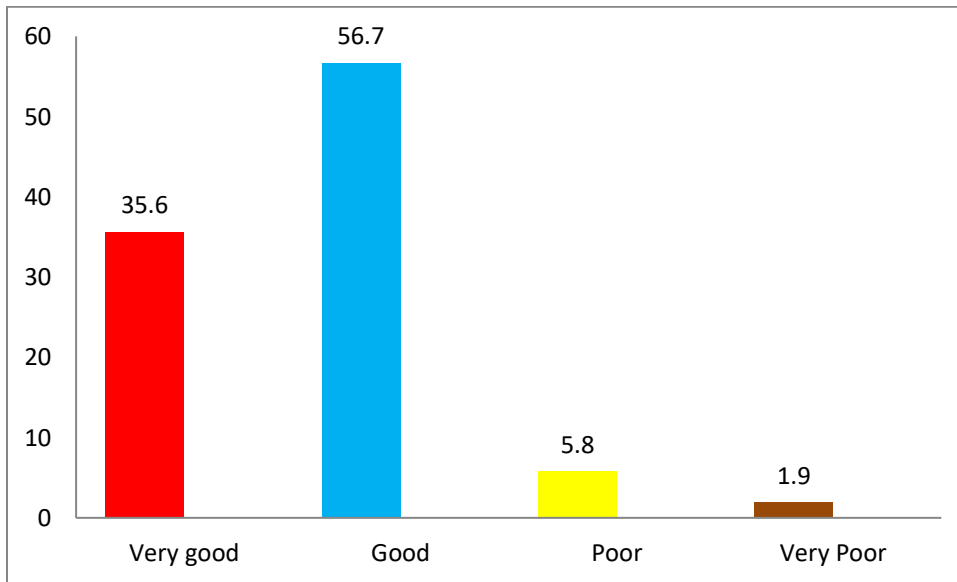

Figure: 19 Student's Participation in various Clubs and Groups

The student's opinions about the student participation in various clubs and groups in the college are presented in Figure 8. The survey results displayed that 38.8 per cent of students participated in NSS, 23.8 per cent of respondents in Red Ribbon Club, and 22.5 per cent of students in Fine Arts. An average per cent of students participated in Media Club, i.e., 11.3 per cent, 4.5 per cent students in Good Samaritan and 2.5 per cent students participated in NCC.

Cultural Aspects

Figure: 20 Participation in Cultural Aspects

Students Satisfaction on Cultural Aspects depicts 35.6 % as very good. The students rated 56.7 % as good and with the percentage of 5.8 % as poor. With a low grade of 1.9% the students taking part in cultural activities summed to very poor.

Interaction with the Teachers in the College

Figure: 21 Student’s satisfaction with Interaction of Teachers in the College

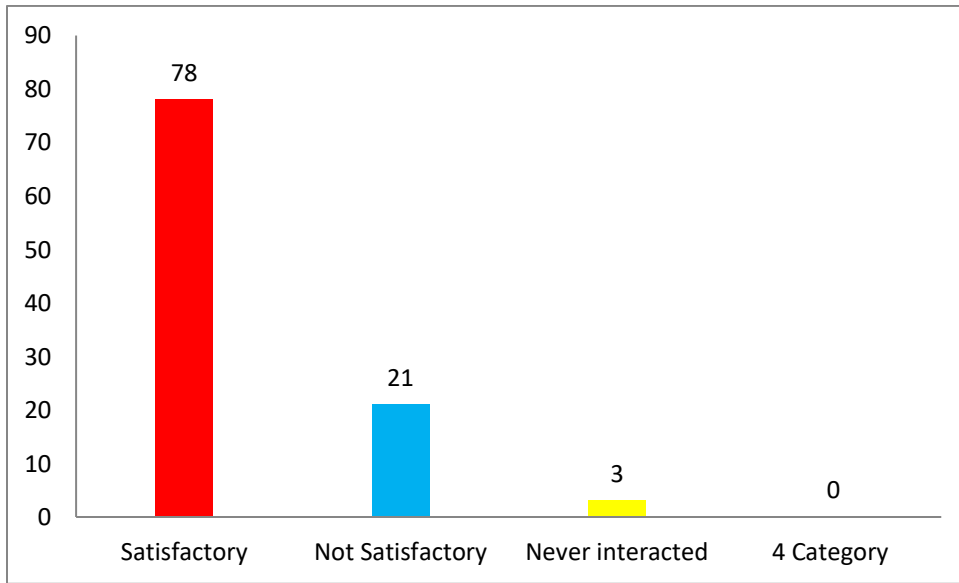

Figure 21 discloses the results of students’ interaction with teachers in the college. The survey reveals that 78 per cent of respondents stated that interaction with teachers was satisfactory, 21 per cent of respondents stated that interaction with teachers in the college was not satisfactory, while 3 per cent of students stated that they never interacted with teachers in the college.

Staffs in Computer Labs

Figure: 22 Student's Interactions with Staffs in Computer Labs

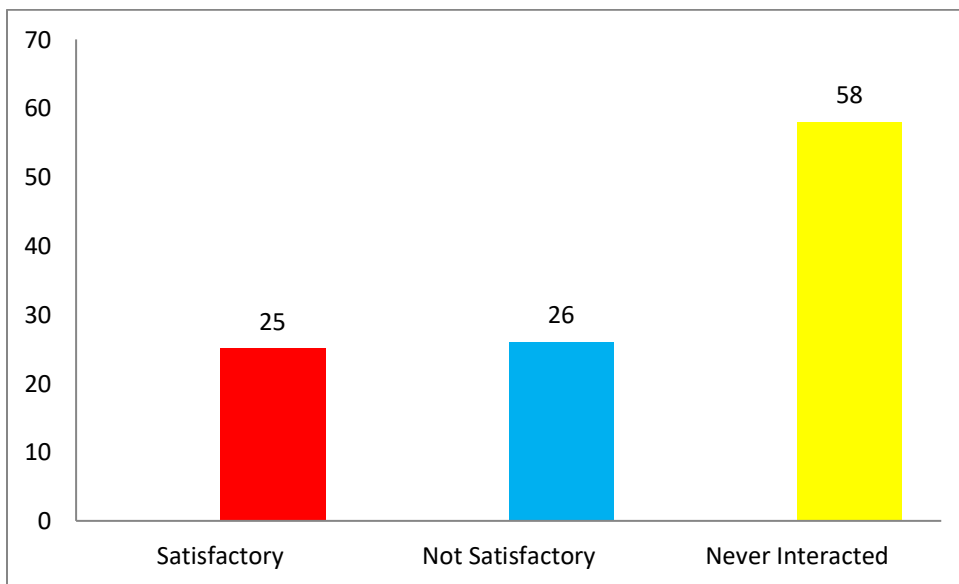

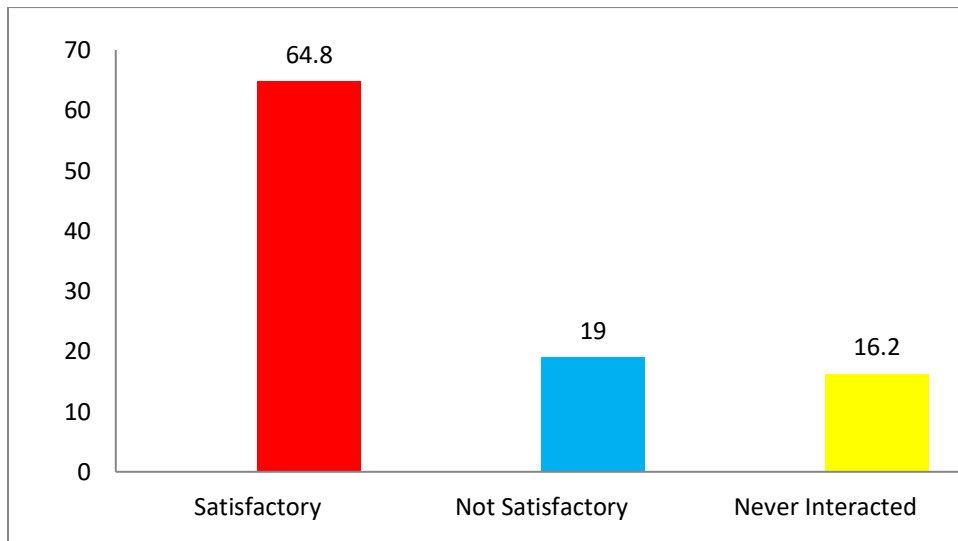

Figure 22, shows that the responded have graded Students Satisfaction on interaction with Staffs in Computer Labs with 25 % as satisfactory. The students were not satisfied with percentage as 26 % and 58% of them categorized as Never Interacted.

Staffs in Library

Figure: 23 Interactions with Staffs in Library

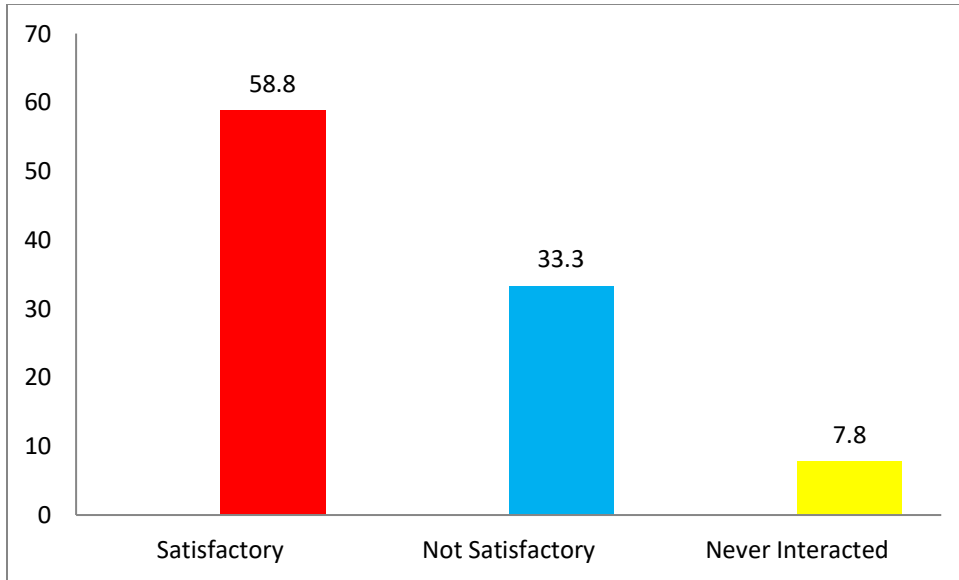

The graph cites that 64.8%, satisfactory level responses in Students Satisfaction on interaction with Staffs in Library. 19% of the students in interaction with the library staffs were declared as not satisfactory . 16.2% of them have Never Interacted with the library staffs.

Staffs in the College Office

Figure: 24 Interactions with Staffs in the College Office

The above chart shows that the responded have graded 58.8% on Students Satisfaction on interaction with Staffs in Library. 33.3% of the students were not satisfied on it and 7.8% of the students have never interacted with Staffs in the College office.

Classroom Facility

Figure: 25 Student’s satisfaction with Facilities of Class Room

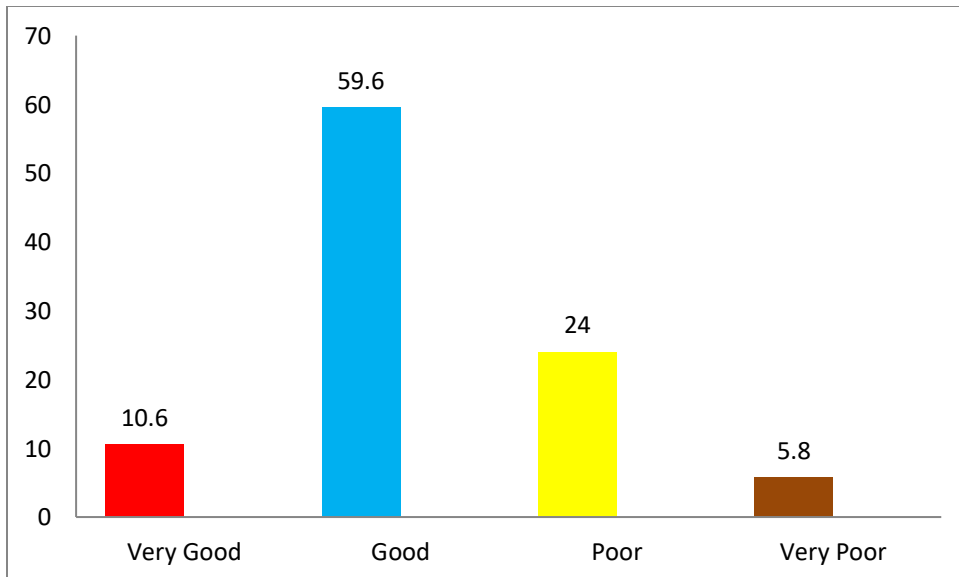

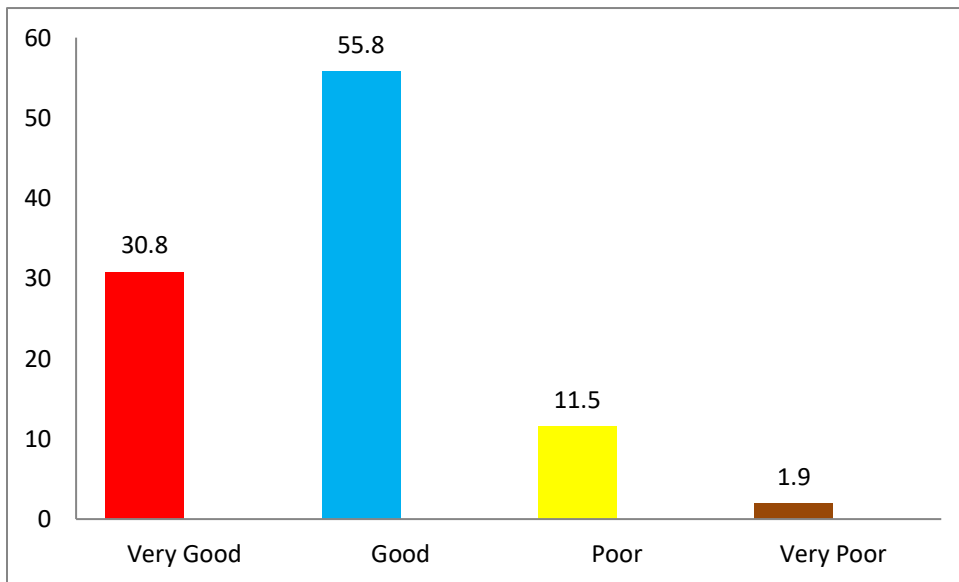

Figure 25 reveals the survey results of the classroom facility. The survey disclosed that 59.6 per cent of students stated that the classroom facility was good, 24 per cent of respondents stated the classroom facility was poor and 10.6 per cent of students stated that the classroom facility was very good, while 5.8 per cent of students stated that the classroom facility was very poor.

Library Facility

Figure 25 shows the survey results of students' satisfaction with the library facility in the college.

Figure: 26. Student's satisfaction with Library Facilities

The survey reveals that as represented in Figure 25, 55.8 per cent of students stated that the library facility was good and 30.8 per cent of students stated that the library facility was very good. 11.5 per cent of respondents stated that the library facility was poor and 1.9 per cent of students stated that it was very poor.

Digitization of Library

Figure: 27 Digitization of Library

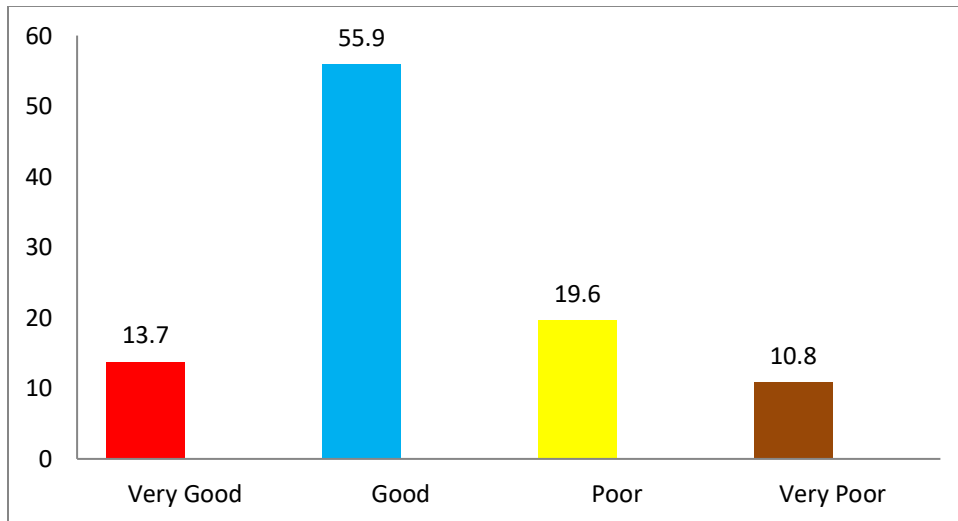

Figure 27, reflects that 13.7% have responded on Digitization of Library with grade of very good. 55.9 % of the students opined as good. The students on their responses made poor rating of 19.6% and very poor rating of 10.8% on digitization of library.

Campus Culture

Figure: 28. Student's satisfaction with Campus Culture

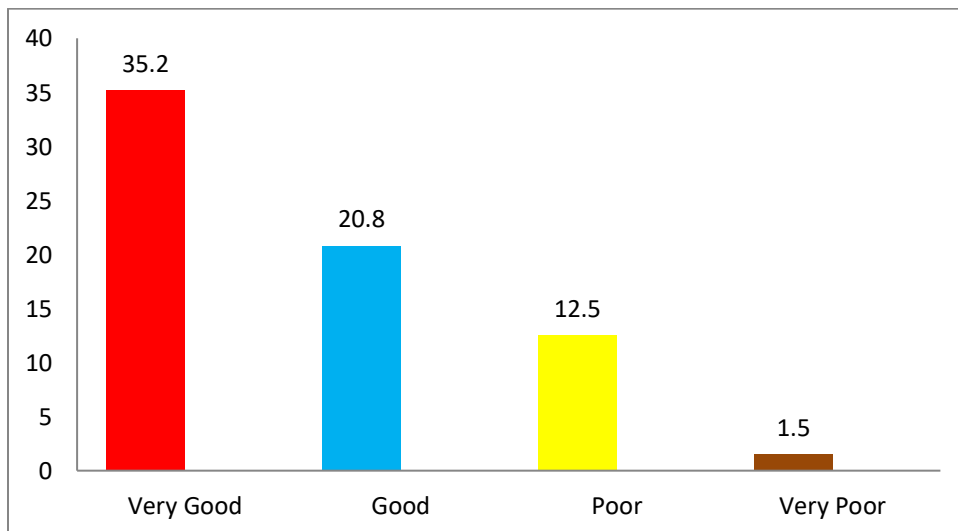

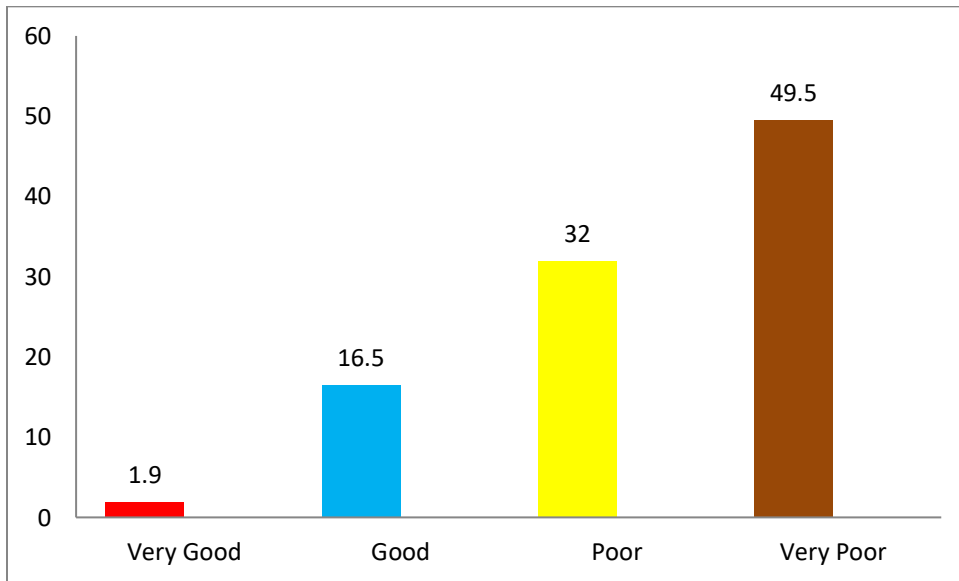

Figure 28 shows the results of the student satisfaction survey on on-campus culture. The survey reveals that 65.2 per cent of students stated that campus culture was very good, 20.8 per cent of students stated that the campus culture was good, while 12.5 per cent of students opined that it was poor and 1.5 per cent of students stated that campus culture was very poor.

Facilities-Infrastructure, Students Support

Figure: 29 Facilities with Internet/ Wi-Fi

Indication of very good grading was made with the percentage of 1.9% by the students on facilities of Internet/ Wi-Fi in the college. 16.5%, of the students remarked as good on college Wi-Fi good, 32 % of the students rated as poor and 49.5% of them grade with that of very poor.

Computer Labs

Figure: 30 Facilities about Computer Labs

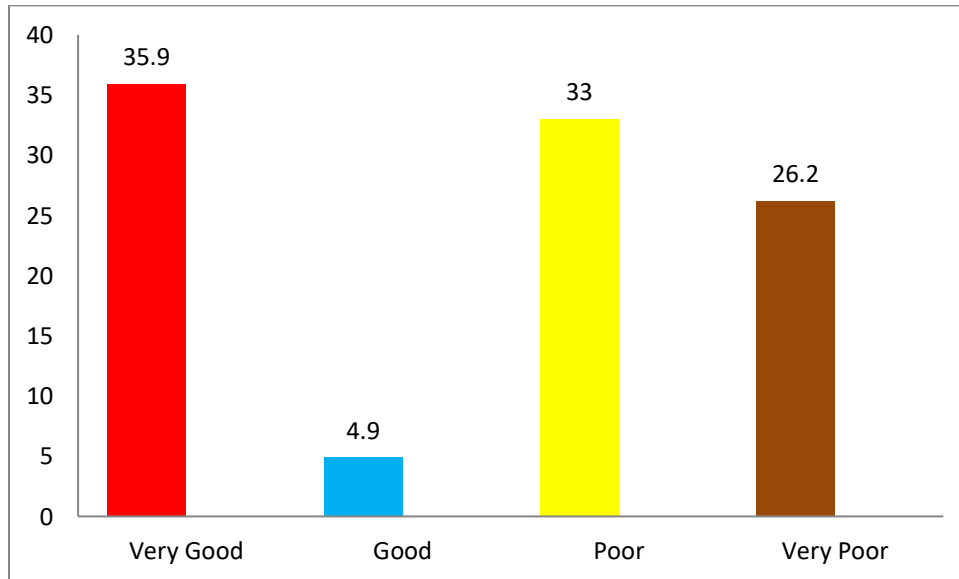

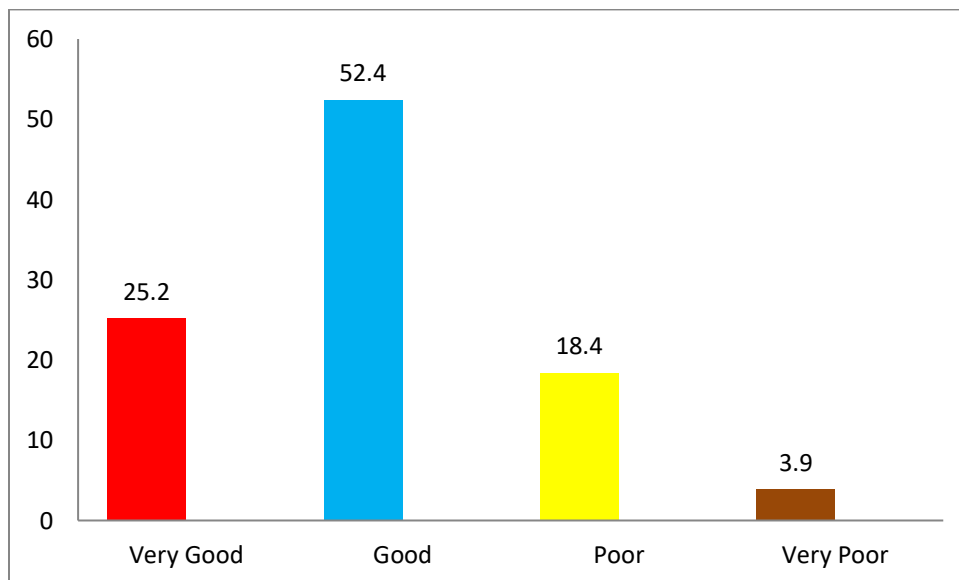

Figure shows that the responded have Computer Labs, 35.9% as very good, good as 4.9%, poor as 33 % and very poor as 26.2%.

Auditorium

Figure: 31 Facilities about Auditorium

Gleaning through the Figure 31, indicates that 25.2 % of the students responded as very good on facilities on Auditorium. More than half of the students with percentage of 52.4% have given good remarks. An average percentage of 18.4 % was graded as poor and 3.9% as very poor.

Seminar/Conference Halls

Figure: 32 Facilities about Seminar/Conference Halls

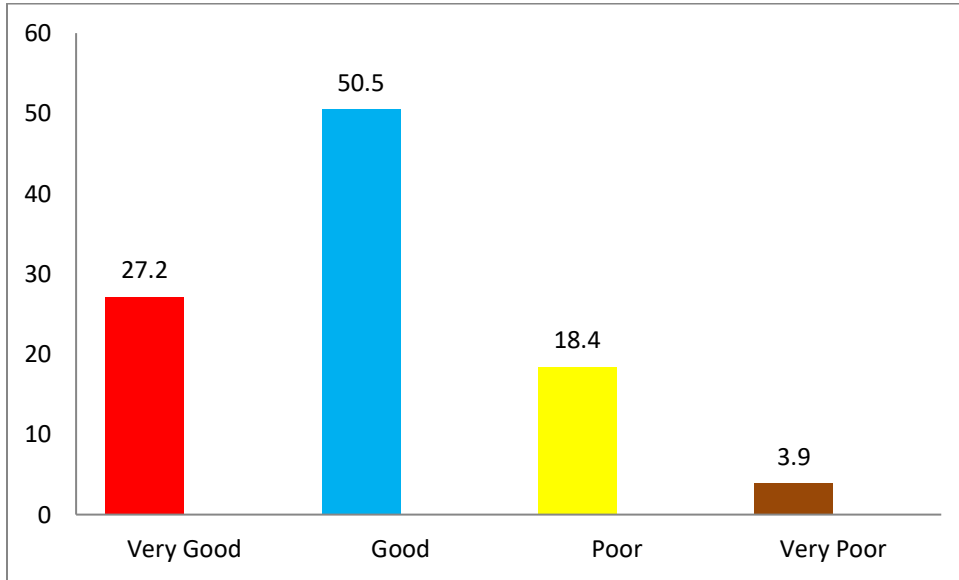

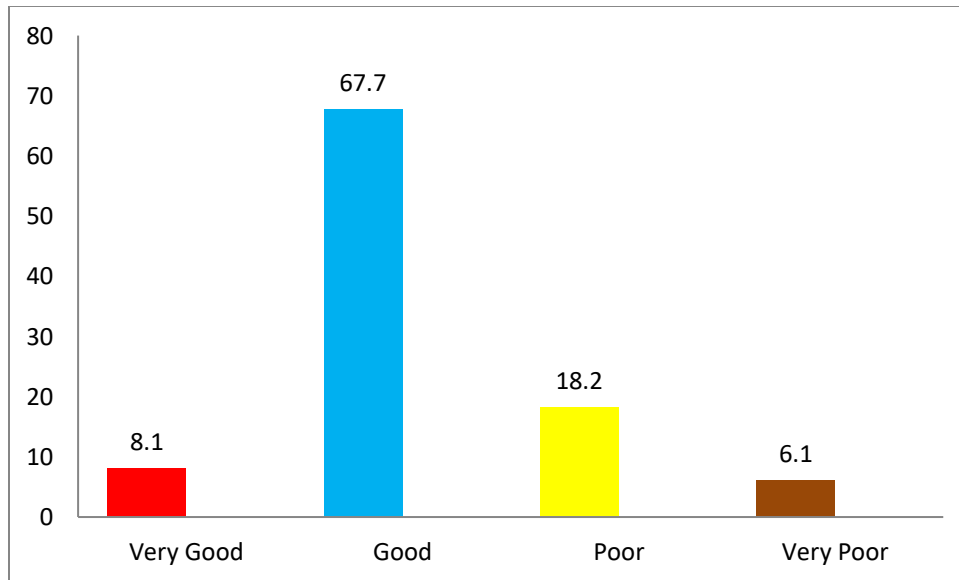

Figure 32 depicts the Facilities about Seminar/Conference Halls in the institution. The above figure shows that the highest number of students responded as good which is consist of 50.5 %, followed by very good (27.2%) and poor (18.4 %). While the rest i.e 3.9% of the responded as very poor.

College Hostel

Figure: 33 Facilities about College Hostel

On the survey made, 8.1% of the students responded as very good on facilities about College Hostel and 67.7 % of the students opted as good. Rest with an average percentage of 18.2% made as poor category and 6.1% as very poor.

Findings:

Career Guidance and Counselling guidance

The survey reveals that students were of mixed opinion when asked whether they have availed the facilities of career orientation, counselling and guidance provided by the College. The survey disclosed that 48.5 per cent of students stated that they have availed the facilities provided by the college, while 46.6 per cent of students stated that they did not avail the facilities.

i. Decision making on personal career

An overwhelming majority of survey respondents, i.e., 68.9 per cent of students said they have decided on their career choice while 31.1 per cent of students are yet to decide on their career.

ii. Plan after the college

The survey shows that the majority of the respondents, i.e., 75 per cent stated that they were satisfied with canteen staff, whereas 24 per cent of respondents stated that they were not satisfied with the staff in the canteen and 8 per cent of respondents stated that hardly have any interaction with the canteen staffs.

Facilities-Infrastructure, Students Support

Internet/ Wi-Fi Facility

The survey reveals that 16.5 per cent of students responded that the wifi/internet facilities in the college are good, while 1.9 per cent stated that it was very good.

Computer Labs Facility

35.9 per cent of students stated that the computer lab facility in the college is good, while 4.9 per cent of students stated that the college has a very good computer lab in the college. .

Auditorium

The majority of the students, i.e., 52.4 per cent stated that the auditorium facility is good and was satisfied, while 25.2 per cent of students stated that the auditorium facility is very good.

Seminar/Conference Halls Facility

The survey shows that 50.5 per cent of students stated that the seminar/conference hall facility is good, while 27.2 per cent of respondents stated that the seminar/conference halls facility is very good in the college.

College Hostel Facility

When the students were asked about their level of satisfaction with the college hostel facility during the survey, 67.7 per cent stated that it was good and 8.1 per cent stated that the college hostel facility was very good.

Washroom and Toilets Facility

The survey shows that 64.4 per cent of students stated that the washroom and toilets facility provided in the college was good and satisfactory, while 15.4 per cent of students stated that it was very good.

Canteen Facility

Overall 63.1 per cent of students stated that the canteen facility provided in the college is good and 12.6 per cent students responded as very good. .

Xerox facility

The survey reveals the overall satisfaction level of xerox facility in the college, i.e., 23.3 per cent of students stated that the Xerox facility is good, while 8.7 per cent of students stated that it was very good.

Library Facilities

Availability of Books

The survey unveils the students' level of satisfaction concerning the availability of books in the college library. The survey reveals that 53.3 per cent of students stated that it was good and they were satisfied with the availability of books in the college library. .

Utilization of Library

The survey shows that 66 per cent of students have availed the library facilities, while 13.6 per cent of students stated that they have very frequently used the library and the facilities provided.

Librarian Assistance to Students

When students were asked to grade their level of satisfaction with the librarian assistance in the library, the survey reveals that 58.3 per cent of students stated that the librarian assistance was good and they were satisfied. While 19.4 per cent of students stated that the librarian assistance was very good and they were most satisfied with their help.

Digitization of Library

55.9 per cent of students stated that the digitization of the library in the college was good since computer facilities are available in the library and records of the books are compiled for

accessibility and consumption of less time during the search of books. The survey also shows that 13.7 per cent of students stated that the digitization of the library was very good.

Campus Culture

Satisfaction toward College culture

When students were asked about the satisfaction level of college culture in the survey, 64.4 per cent of students responded that it was good and satisfactory, while 15.4 per cent of students stated that it was very good.

The dignity of the students in the College

66 per cent of students stated that being part of Don Bosco College gives dignity and morale boost to the students, 15.5 per cent stated that it was very good to be part of Don Bosco College, while 13.6 per cent of students stated that they were treated not up to the standard and graded as very poor.

Safety measures in the College

Concerning the safety measures of the students in the college by the administration, 66 per cent of students stated that they were satisfied and it was good and 17.5 per cent of students stated that it was very good.

Campus Hygiene and Sanitation

Implementation of Swatch Bharat Abhiyan

Swachtahi Sewahai, the implementation of Swatch Bharat Abhiyan (Cleanliness Drive) in the college was graded as good by 60.6 per cent of students, while 28.2 per cent of students stated that the cleanliness drive in the college was very good.

Waste Management

The survey shows that 63.5 per cent of students stated that the waste management in the college was good, while 23.1 per cent of students stated that it was very good.

Hygiene and Sanitation

58.7 per cent of students stated that the overall hygiene and sanitation on the college campus were good and satisfactory, while 27.9 per cent of students stated that it was very good.

Recommendation for the Enhancement of the Quality of the College by the Students

The students are the most important stakeholders of the academic institute. Their satisfaction is one of the most important components of quality assurance for the college. Their views and suggestions help the college in formulating effective teaching-learning practices and giving quality education. They are considered prima data to evaluate and enhance teaching, mentoring and overall development of the students. Some of the suggestions and recommendations of the students during the exit survey were to improve the digital library and to conduct an orientation programme for the students on the effective use of the library. They suggested improving the Wi-Fi service on the college campus. Further suggestions were to follow English communication in the College among students, transportation facility to be increased for day scholars availing bus services, to increase the computer lab teaching hours, to improve canteen facility in the college which was improved, sports facility to be improved which is now being facilitated with new college stadium, to conduct more career counselling programs for the students and to improve parking space for students who use two-wheelers.

Conclusion

The overall student exit survey results achieved in 2020-2021 were good and students were satisfied with all the aspects of key indicators asked in the questionnaire. Some students have pointed out infrastructure development, library facilities, and career development programmes. There is a need to strengthen library facilities, sports facilities and computer facilities. From the survey, most of the students have given a good and very good grading in the questionnaire and they were satisfied with the services rendered by the college. With the recommendation made by the students in their exit survey and action plans for continual improvement identified by the college management, the IQAC is expecting better results in all aspects of education in the coming years.
