## DON BOSCO AND HIS SYSTEM OF EDUCATION

Saint John Bosco, popularly known as Don Bosco (Italian for Father Bosco) was born at Becchi, in Piedmont, Italy on August 16, 1815. From a very young age, he had decided that he had been called to work for the poor boys of that era when Europe was under the grip of the Industrial Revolution and many young people who came to the cities to study or in search of work fell an easy prey to the many social evils of the time. After being ordained a priest of the Catholic Church in 1841, Don Bosco came to the rescue of these poor youth with his novel method of education through total dedication and personal involvement in their lives and problems.

To ensure that this total dedication to their cause shone through his actions, he based his education on the three great principles of reason, fear of God and loving kindness. He dedicated his life, as a caring father, and doing everything possible for their welfare. Don Bosco was attuned to the needs of his society. He did not visualize education in isolation from the community within whose parameters it functioned. Vocational guidance, vocational training, job placement and follow-up were as integral to Don Bosco's scheme of things as they are in modern education.

The system of education that emerged from these principles of Don Bosco is popularly known as the Preventive System, which is based on three pillars: Reason, Religion and Loving Kindness. This is the system that will be used in Don Bosco College, Itanagar. Joseph Zoppi, the Swiss educationist said, "If there ever existed a method of education adapted to inspire confidence and love, it is the method of Don Bosco". The system aspires to create a generation of young men and women steeped not only in sound knowledge-based education but also in strong value-based education for life.

- Offer opportunities for interaction between various socio-cultural and religious groups and their constituents
- Harness resources and commitment in favour of solidarity, equity, development and peace.

Teaching, for us here at the college, is a lifetime commitment, a passion, a vocation and a profession, rather than a job. Striving for excellence is our way of life. Our motto tells it all: "Lead Kindly Light".

## COLLEGE EMBLEM AND MOTTO

The thrust of the college emblem is spreading wisdom through learning. The lit lamp and the open book are indicative of this mission. Our endeavour is not merely spreading knowledge but imparting true wisdom that leads to holistic development of the individual and the progress of humanity. It is to be realized through the vision and the educative system of Don Bosco. Thus, the picture of Don Bosco is placed at the center. The overall shape of the cross speaks for the salvation of all. Thus, true wisdom begins with self-sacrifice. The quill of the Hornbill (State bird of Arunachal Pradesh) placed on either side of the emblem stands for unity and integrity among the various tribes that will be achieved by receiving the light of true wisdom. Along with it, the institution seeks to preserve the culture and tradition of the tribes – the wisdom of the ancients. The motto “Lead Kindly Light” is a plea to the Divine to lead us on to the path of true knowledge and progress.

### **About the Department of Social Work**

The Department of Social Work at Don Bosco College, Jollang, Itanagar, was established in 2018 with a vision to prepare students for meaningful engagement with communities, social institutions, and the complex realities of human welfare. The department seeks to ground its students in the theoretical, ethical, and practical dimensions of social work, equipping them to respond to the evolving challenges of society with competence and compassion. Over the past eight (8) years, it has grown into one of the most dynamic academic units of the college, recognized for its academic rigour and its deep commitment to social justice and student development. The department currently has a team of 5 qualified and dedicated faculty members who guide students through both academic learning and field-based practice, ensuring a holistic preparation for professional social work. Over the years, the department has produced a notable number of university rank holders, reflecting the consistent efforts of its faculty and the seriousness with which students engage with the discipline.

A landmark achievement in the department's journey was the introduction of the Bachelor of Social Work (BSW) programme in 2018, making Don Bosco College one of the pioneering institutions to offer professional social work education in Arunachal Pradesh. Building on this foundation, the department is now set to commence the Master of Social Work (MSW) programme from the academic year 2026–27. This programme is designed to deepen students' understanding of social policy, community development, mental health, human rights, and research-based practice. Graduates of the MSW programme are well-positioned to pursue careers across diverse sectors, including government welfare departments, non-governmental organizations, hospitals and clinical settings, child and family services, rehabilitation centres, policy research institutions, and international humanitarian agencies. With its strong academic foundation, experienced faculty, and a clear commitment to professional excellence, the Department of Social Work remains a purposeful and forward-looking unit of Don Bosco College.

### **MASTER OF SOCIAL WORK**

From the academic year 2026–27, the Department of Social Work will introduce the Master of Social Work programme. The programme is designed to provide advanced knowledge and a deeper understanding of social work practice, welfare policy, human behaviour, and community dynamics. It aims to equip students with the research orientation and professional skills necessary to assess, intervene, and respond to the collateral challenges faced by individuals, families, and communities. The curriculum draws from social work theory, casework and group work methods, community organisation, social legislation, and the ethics that define responsible practice. The programme integrates theoretical learning with supervised fieldwork, rural community practice, institutional internships, and research opportunities, ensuring that graduates are prepared for the realities of professional social work. These practical engagements are central to shaping socially aware and skilled practitioners. At its core, a postgraduate programme in social work does more than extend academic learning it shapes practitioners who are capable of working with vulnerability, dignity, and purpose. It prepares graduates to enter demanding professional environments not merely with technical knowledge, but with a genuine sense of responsibility toward those they serve. In a society where the need for trained, ethical, and empathetic social workers continues to grow, the Master of Social Work stands as a significant step in building a generation of professionals committed to human welfare, social justice, and community well-being.
